

I have used Patriot Painting for a number of projects, both indoor and outdoor, and I have never been disappointed. The workers are great, very personable and wanting to please. Scott, the owner, checked in often to make sure that everything was going as scheduled. I would highly recommend Patriot Painting to anyone looking for a great job at a fair price.

As a property manager I am always looking to find contractors who will do what they say they will do, and that is not always easy to find. I can tell you that in every case of the hundreds of jobs they have done for me in 12 years Patriot Painting has shown up when scheduled. Add to that the great work they do and you have a winner. Thanks Patriot, for making my job that much easier.

I have a real estate office with over 50 realtors, many of whom use Patriot Painting and Decorating. The thing we all love is that Scott can get our painting done quickly. That is important when you are trying to get a house fixed up so that you can list it. We really value our relationship with Patriot Painting.

Scott and the Patriot Painting crew recently painted my two-story foyer. I do most of the painting here but didn't want to tackle that. They were outstanding. The price was very fair and the work exceptional. I have a lot of trim and the lines separating the walls and trim (we used a beige on the walls and white on the trim) were impeccable. I think you could do no better than to hire Patriot Painting and Decorating for your painting project.
